

# Hybrid Blower 3400

Compact design, lightweight and powerful carpet dryer that significantly reduces drying time of carpets, walls and ceilings, and is ideal for use after floods, spillages or extraction cleaning.

- Lightweight at only 8 kg and more compact in size than a traditional blower
- High airflow for rapid drying
- Aids air circulation and ventilation
- Three-speed switch to select the optimal airflow for the job
- High density Polypropylene housing is both durable and lightweight
- Easy-carry handle for comfortable portability
- One of the most effective solutions for structural drying after floods or leaks

Warm air is pulled down and across the carpet for faster dry times
